

THE RESIDENCE

TUNIS, TUNISIA

HIGHLIGHTS

The Residence is a five-star hotel built in the grand style of a Moorish Palace, peacefully located amongst lush green gardens next to the expansive golden sands of Gammarth beach. If you are looking for luxury, relaxation and indulgence in equal measure you are in for a treat. From the exceptional Thalasso Spa with its treatments and indoor pool, to the tranquillity of the grounds and the delicious cuisine, you'll be spoilt for choice.

The hotel staff adore children and will ensure your family receive both high quality service and a very warm welcome. Children have their own splash pool area and playground which provides a natural focus for organised activities. What's more, you'll now find our staff and unique children's programmes operating here throughout the summer months as well as other popular school holidays.

For golf fans, the hotel's new Championship course is just a short shuttle away. It is the jewel in the crown of this exceptional hotel and perfect for a morning game before an afternoon at the poolside.

STYLE AND TONE

The Residence is a successful fusion of modern simplicity and traditional Tunisian hospitality. Spacious, comfortable and cool, it combines high quality accommodation and facilities with personal, friendly service.

ACCOMMODATION

All of the rooms are elegantly decorated with simple Arabic influences and cool marble floors. Each room has a balcony overlooking the sea or the manicured gardens and a 'sofa corner', and there are a number of suites and connecting rooms well suited to families.

RESTAURANTS AND BARS

An array of tempting cuisine awaits you. L'Olivier is the hotel's main restaurant and is open for breakfast, lunch and dinner, where mouth watering treats are served as you sit alfresco under stone colonnades. For a delicious lunch head to the Poolside Bar and Grill, also serving dinner during the summer months. Li Bai offers excellent Chinese specialities, and the traditional restaurant El Dar is the place to enjoy authentic Tunisian specialities in a typical environment, with traditional dancers and music performances.
